<p style="text-align: center;">Nurse’s Corner</p> <p>Nordheim ISD believes that a healthy, physically active child is more likely to be academically successful. Results of numerous studies on the academics-fitness link found a consistent positive relationship between overall fitness and academic achievement. The Nordheim ISD School Health Advisory Council (SHAC) is an advocate for healthy students. It makes recommendations to the School Board pertaining to coordinated school health programs, human sexuality materials and instruction based on the values of the Nordheim community. By law, the majority of its members are Nordheim parents who are not employed by the district. The Nordheim ISD SHAC consists of parents, students, community members and staff who work together to improve the health of all students. The NISD SHAC meets at least four times and no more than nine times each year. Meetings are typically held in the board room of the school. All SHAC meetings are open to the public. If you wish to speak at a SHAC meeting or review meeting minutes, please contact Elizabeth Wilson at ewilson@nordheimisd.org. The next meeting will be on February 26, 2015.</p> <p>All sixth graders will need to start receiving their immunizations for the 7th grade. Do not procrastinate until the last minute. Local offices tend to run out of these vaccines as summer draws to an end and you may be forced to travel further to receive them. Next year students will not start school if they are not caught up on childhood vaccinations and will result in an unexcused absence.</p> <p>Seventh Grade requirements: 1 Tdap/Td booster within the last 5 years, 1 dose of Meningococcal, and all Elementary vaccines which they should already have.</p> <p>All HS students must have a Meningococcal vaccine and a TD/Tdap within the last 10 years.</p>
