Nurse's Corner

Nordheim ISD believes that a healthy, physically active child is more likely to be academically successful. Results of numerous studies on the academics fitness link found a consistent positive relationship between overall fitness and academic achievement. The Nordheim ISD School Health Advisory Council (SHAC) is an advocate for healthy students. It makes recommendations to the School Board pertaining to coordinated school health programs, human sexuality materials and instruction based on the values of the Nordheim community. By law, the majority of its members are Nordheim

parents who are not employed by the district. The Nordheim ISD SHAC consists of parents, students, community members and staff who work together to improve the health of all students. The NISD SHAC meets at least four times and no more than nine times each year. Meetings are typically held in the board room of the school. All SHAC meetings are open to the public. If you wish to speak at a SHAC meeting or review meeting minutes, please contact Elizabeth Wilson at ewilson@nordheimisd.org. The next meeting will be on October 25th at 10am.
